

Would you like to practice Spanish or another foreign language during your stay at the UPV?

If so, we invite you to take part in our Language Tandems. We will find you someone who wants to practice your native language, or another language you speak well, and at the same time, can help you to improve your level in the language of your choice.

The activity is completely free. To take part, just fill in the form on the following link:

<https://cdl.upv.es/otros/tandem-de-conversacion>

We will get in touch as soon as we find your Tandem partner.

Our **Language Tandems** are a unique opportunity to learn languages and meet new people, so don't hesitate, fill in the form now.
