Oulu University of Applied Sciences FACT SHEET

(Last updated: 6 September 2023)

STUDIES & TRAINEESHIPS (INCOMING STUDENTS)

Mobilities for Studies

http://u.oamk.fi/exchangestudies

Full-term or long-term mobilities (all fields):

Oamk offers full- or long-term mobilities for studies in the frame of exchange study programmes across all fields. They last for at least 1 academic term, and consist (normally of Bachelor-level) courses, project works, productions etc. In health and social care, studies can also be combined with a small-scale practical training in most fields. Students admitted to a full- or long-term mobility are expected to stay physically at Oamk for min. 1 academic term and pursue a recommended workload of 30 ECTS cr/term. If applicable, students may also stay for an entire academic year with a workload of 60 ECTS cr.

In some fields (e.g. in health and social care), Oamk offers online courses which can be pursued before/during/after the physical mobility stay. Oamk does currently not offer fully virtual mobilities. Blended mobilities are currently offered only as part of Erasmus+ Blended Intensive Programmes, which are available to students from distinct partner universities.

In the fields of business, business information systems, information technology and mechanical engineering, Oamk offers double degree mobilities to students from distinct partner universities. Double degrees consist of professional studies and mandatory language studies. These can be pursued as part of a physical exchange at Oamk for at least 1 academic year and a workload of min. 60 ECTS cr.

Mid-term mobilities (distinct fields in health & social care):

Oamk offers <u>mid-term</u> mobilities for studies in spring (2nd semester) in distinct fields of health and social care for a 3-month mobility period either in the first half of the term (P3) or in the second half of the term (P4). The workload for a mid-term mobility is approx. 30 ECTS cr, including also small-scale practical training where applicable.

Short-term mobilities (all fields):

Based on separate agreements between universities, Oamk offers also short-term mobilities for studies in distinct fields These are normally physical exchanges which last approx. 1-2 weeks. Only students covered by such an agreement may take part in the mobility.

Mobilities for Traineeships

http://u.oamk.fi/exchangetraineeships

Traineeships can be offered at/via Oamk in certain fields during our academic terms. Erasmus+ traineeship mobilities should last min. 2 months, preferably 3 months.

Oamk can acquire/mediate only a limited amount of traineeships at Oamk or third parties. Admission decisions are made by Oamk based on enquiries, and applications are prioritised according to bilateral or inter-institutional agreements covering traineeship mobilities.

Admitted trainees are enrolled as exchange students at Oamk and supervised/mentored by academic staff and supported by administrative service staff.

Oulu University of Applied Sciences FACT SHEET

	Trainees commencing their traineeship at the outset of a regular term at/via Oamk are required to take part in the Finnish Survival course (3 ECTS cr). This course is arranged in late afternoon/evening and thus can be pursued outside of traineeship work hours. If applicable, trainees can also pursue other possible supportive courses outside of traineeship work hours. In some cases and fields, trainees may pursue also an online course before/during/after the physical mobility stay outside of traineeship work hours.
Blended Intensive Programmes (BIP)	Oamk offers certain Blended Intensive Programmes (BIP), which are agreed between Erasmus+ partner universities, and can be pursued only by selected students covered by such an agreement. A BIP is a programme that combines physical and virtual stays and collaborative learning at Oamk.

NOMINATION, APPLICATION & ADMIS	SION (INCOMING STUDENTS)
Nomination & Application	Nominations should be submitted prior to the students'
	application via our online nomination form at
	http://u.oamk.fi/exchangenomination.
	Applications must be submitted via MoveON and within the
	deadlines given. Late nominations or applications not accepted.
Autumn (1st semester)	Nomination: 15 April
and the whole academic year	Application: 15 March - 30 April
Spring (2 nd semester)	Nomination: 1 October
	Application: 1 September - 15 October
Application portal MoveON	http://u.oamk.fi/exchangeapplication
Admission	Students and trainees are required to have a suitable study background and a minimum of approx. 1 year of studies at their home university.
	English language skills are required to be at least B2 according to the Common European Framework of Reference for Languages.
	Admission decisions for exchange students and trainees are normally made after the application deadline, for the spring term at the latest in the end of November, and for the autumn term at the latest in the end of June.

PRACTICAL INFORMATION (INCOMING STUDENTS)	
Teaching & Learning	Oamk arranges teaching mostly in a hybrid or blended way, mixing on-site and online learning activities. In some cases and
	fields, students may pursue online courses also before/after their exchange. http://u.oamk.fi/studying
Courses & Schedules	http://u.oamk.fi/courses
ECTS & Assessment	http://u.oamk.fi/ects & http://u.oamk.fi/assessment
Mobility Documentation Letter of Acceptance Learning Agreement (see below) Enrolment Certifcate Letter of Confirmation Transcript of Records	Oamk does not anymore issue hard copies of mobility documents due to digitalisation of services and Finnish laws of data protection and privacy. Oamk generates mobility documents as electronic soft copies. Oamk's transcript of records is fully digital - the electronically signed and stamped PDF can be
