

## About us

ESIGELEC is a School of engineering specializing in the design and implementation of intelligent and connected systems that will transform our society on a daily basis. These systems span the fields of electrical engineering, software engineering, information technology, telecommunications, etc. They also extend to industries such as transportation, energy, healthcare, and construction, as well as sectors like services, banking and finance.

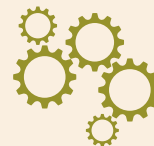

**Over 35%  
international students**

**12,000+ graduates  
and 1,800 current  
students on campus**

**92 partners in  
40 countries**

**Master of engineering  
with 14 majors  
Masters of technology**

Country: France

Telephone: +33 (0) 32 91 58 58

City: Rouen

E-mail address: [International@esigelec.fr](mailto:International@esigelec.fr)

Erasmus Code: F ROUEN07

Legal representative : Prof. Etienne  
Craye, General Manager

Address: Technopôle du Madrillet,  
Av. Galilée, 76800 Saint-Étienne-du-  
Rouvray

Website (french):  
[www.esigelec.fr](http://www.esigelec.fr)

Website (english): <https://en.esigelec.fr>

UNION EUROPÉENNE

**Erasmus+**  
Enriching lives, opening minds.

## International exchange:

Duration:	1 Semester (autumn or spring semester)
	1 academic year, both semesters (autumn and spring semesters)
Language:	French
	English
English taught programmes Master of technology:	Master Electronic Embedded systems
	Master Software Engineering & Digital transformation
French taught programme Master of engineering:	Year 3 (semesters 5 and 6)
	Year 4 (semesters 7 and 8)*
	Year 5 (semester 9)*

**\*Students must choose a major from semester 8 onwards.  
The list of majors is available [here](#).**

(<https://www.esigelec.fr/fr/16-dominantes>)

**The list of courses for the Masters of technology is  
available [here](#) (<https://en.esigelec.fr/wp-content/uploads/2024/09/eng-tables-exchange-program.pdf>)**

## **Tips for your students**

### **course selection**

ESIGELEC uses the European Credit Transfer System (ECTS).  
The usual workload for an ESIGELEC student is 30 ECTS credits per semester.  
Exchange students can choose between 20 ECTS credits min. to 30 ECTS  
credits max. per semester.

Students must match the course prerequisites for a successful study at  
ESIGELEC.

Students must choose courses from a single programme. Students cannot  
choose different courses from different programmes nor courses from the  
same programme but on different years.

A Learning agreement must be signed before the beginning of the mobility.  
ESIGELEC is connected to EWP and can sign digital learning agreements.  
The contact person for the learning agreement is Dimitri Pesty  
(Dimitri.pesty@esigelec.fr).  
The signatory of the learning agreement is Cecilia Brunel  
(Cecilia.brunel@esigelec).

Exchange students are exempted from tuition fees at ESIGELEC.

# INTAKES - END OF CLASS 2025-2026 ACADEMIC YEAR

English taught programmes  
Master of technology

Autumn intake (to be confirmed)  
15th September 2025 - February 2026

Spring intake (to be confirmed)  
February 2026 - July 2026

French taught programme  
Master of engineering

Autumn intake (to be confirmed)  
8th September 2025 - January 2026  
(Year 3 semester 5)  
15th September 2025 - January 2026  
(Year 4 semester 7)  
6th October 2025 - February 2026  
(Year 5 semester 9)

Spring intake (to be confirmed)  
January 2026 - May 2026  
(Year 3 semester 6 and Year 4  
semester 8)

# How can students apply ?

## Important Deadlines:

**Autumn Intake:**                      **Nomination 15th April**  
   **Application deadline 30th April**

**Spring Intake:**                      **Nomination 15th October**  
   **Application deadline 31st October**

Send nominations to : [international@esigelec.fr](mailto:international@esigelec.fr)

The whole application process is then managed online through our website: **ESIGELEC ONESTOP**

**[LINK TO OUR ONLINE PORTAL](https://eos.esigelec.fr/apply-en)**  
**<https://eos.esigelec.fr/apply-en>**

## Why should your students choose ESIGELEC ?

Pre-arrival webinars:

Organized prior to the students' arrival in France to help them adapt seamlessly to student life in France.

Airport pick up:

ESIGELEC will send a bus for a pick up at airport Paris Charles de Gaulle on a specific day before each intake, in order to drive the students to their accomodation in Rouen

Welcome Days:

Upon arrival at ESIGELEC, students will attend orientation sessions such as : student life in Rouen, digital tools, etc.

READY-SET-GO Forum:

Our different partners assist students with administrative processes such as opening a French bank account, applying for health insurance, obtaining a French mobile phone plan, applying for housing allowance, etc.

ESIGELEC holds “Bienvenue en France” label with a 2-star rating. This label is awarded to institutions wishing to highlight their welcome programmes.

## General information

### Visa requirements:

**EU citizens:** no visa is required.

**Non EU citizens:** a visa is required, more information about visas is available on the French government website or at the nearest Campus France office, French consulate, or embassy.

### Accommodation:

ESIGELEC does not have its own student residences. However, ESIGELEC holds a partnership with Studapart, a housing platform which offers a wide range of accommodation for students in the city of Rouen.

Website: <https://esigelec.studapart.com/fr/>

-Average rent: 450 euros/month.

-Approximate cost of living: 800 euros/month (including rent, transportation, food, etc.).

Students may also contact for any accommodation related question our housing service ([Logement@esigelec.fr](mailto:Logement@esigelec.fr)).

### Health insurance:

-EU students must hold the European Health Insurance Card

-Non EU-students must have a private medical insurance upon arrival in France, valid for least the 3 first months in France. Once in France, they must apply for the French mandatory medical insurance (which is free of charge).

### Other insurances:

Students must also have civil liability insurance, repatriation insurance and accommodation insurance covering the entire duration of their stay in France.

## **International visiting Professors**

**ESIGELEC welcomes 50 visiting professors and experts to its campus each year for teaching. We aim to foster exchange of good practises and collaborative projects led by professors from around the world.**

**With a professional approach that highlights international engineering, our body of international visiting professors consists of faculty members from our partner universities.**

**Professors from Erasmus+ partner universities can teach under the Erasmus+ Staff Mobility for Teaching Assignments (STA) framework.**

### **Arrival and stay:**

**Visiting professors receive support for their arrival in France from the International Relations office.**

**We offer services such as flight booking, airport pick-up from Paris to Rouen and hotel reservation.**
